SENATOR SCHMIT: In response to the motion to reconsider the action upon Senator Kremer's bill. I want to elaborate. Senator Savage has made the point that those bills will have their opportunity to be discussed upon Select File and no reasonable person in this body will recognize that fact, because there will not be enough time. I want you to recognize that. If you are in a priority position, a priority position of the priority bills, you are very fortunate indeed. But make no mistake about it and be under no illusion that because your bill gets advanced today that it is going to have a fair discussion on Select File.

PRESIDENT: Senator Dickinson. Do you care to close debate?

SENATOR DICKINSON: I just feel that there was a misunderstanding. I do feel that we had a gentleman's agreement. Senator Stull mentioned that if we reconsider this that we will be able to proceed with the rest of the bills. At least let's give it a try.
